

CONNEXIONS CONSORTIUM

MEMBERSHIP DUES

Tiers for membership in the Connexions Consortium are defined as follows:

Tier One membership

Non-profit organizations over \$50,000,000 USD annual budget (all sources)	\$10,000 USD
For-profit corporations over \$50,000,000 USD in annual revenue	\$20,000 USD

Tier Two membership

All others	\$2,500 USD
------------	-------------

Among other membership benefits, Tier One members are entitled to 1 vote for the Tier One seats on the Consortium Board. Tier One and Tier Two members are entitled to 1 vote for the At-Large seats on the Consortium Board.

Checks can be made out to "Connexions Consortium" and be sent to: Connexions Consortium, Rice University MS 375, PO Box 1892, Houston, TX 77251-1892.

Membership discounts and reductions

Three-year membership discount

A three-year membership is available at a 20% discount. For non-profit organizations over \$50,000,000 USD annual budget, a three-year membership would be \$24,000 USD. For a for-profit corporation over \$50,000,000 in annual revenue, a three-year membership would be \$48,000 USD. For Tier Two members, dues for a three-year membership would be \$6,000 USD.

Dues reduction

If an institution or organization contributes 1 or more FTE but less than 2 FTE of development time for a year, the institution or organization's membership dues will be reduced by 50% for that year.

If an institution or organization contributes 2 or more FTE of development time for a year, the institution or organization's membership dues will be waived for that year.

MEMBERSHIP BENEFITS

- The opportunity to interact and work directly with the leading companies, universities, schools, curriculum developers, organizations, and individuals in the digital education world;
- The right to submit proposals to be considered for future Consortium work;
- The ability to provide strategic direction to the Consortium through review of Connexions proposal submissions and operational policies;
- Participation in Consortium Working Groups, where specifications and guidelines are developed, and in Consortium Interest Groups, where discussions are conducted;
- Participation in Consortium Workshops, frequently the catalyst for new technical work within the Consortium;
- Sponsorship and marketing opportunities within the Consortium;
- Access to the Members' Area containing early information on emerging technologies, software, events, forums, news and announcements;
- Access to Members-only mailing lists, hosting discussions on work underway in the Consortium;
- Access to the Consortium news service. Updates on Consortium activities, announcements for meetings, workshops and conferences, the calendar of events, and Team information are sent directly via email to Consortium Representatives and posted on the Member site;
- The right to use the Consortium member logo on your Web site and to participate in press releases, often through testimonials;
- A 10% discount for one member individual at Connexions Conferences;
- An Organizational account on cnx.org;
- Branding on cnx.org.

Tier One member benefits also include:

- 1 vote for the Tier One seats on the Consortium Board
- 1 vote for the At-Large seats on the Consortium Board

Tier Two member benefits also include:

- 1 vote for the At-Large seats on the Consortium Board
